INSTRUCTIONS:

_____

Goal of the Project:

In class 90, you brainstormed the idea for our new project.

In this project, you will have to apply what you have learned in the class and you'll have to brainstorm the idea for your new project.

Story:

Riya is a social worker and wants your help to create an app that will help her with her social work.

Note: You will need help from your parents for submitting the final output of this project.
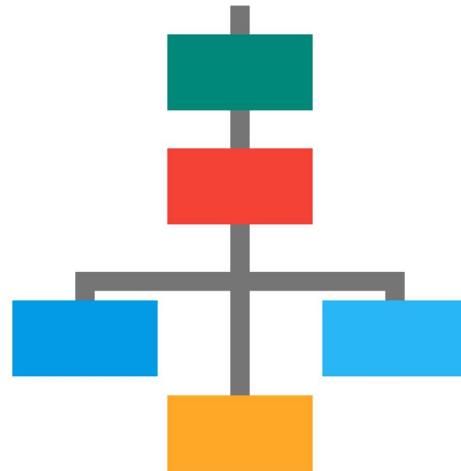

Getting Started:

1. Take a **pen** and **paper**.
2. You will require a mobile phone for clicking pictures.
3. Take a **data cable/charging** cable of your phone.

Specific Tasks to complete the Project:

Tasks to be Done	Output

Submitting the Project:

1. Connect your phone to your laptop using a **data cable/charging cable**.
2. Search for your **project idea page** image and copy it to your laptop.
3. Upload your **project idea page image** in your **parent's Google drive**.
4. Give your teacher **edit** access.
5. Then copy and paste a **shareable link** of your image in the Student Dashboard against the correct class number.

REMEMBER... Try your best, that's more important than being correct.
After submitting your project your teacher will send you feedback on your work.
